

Mobile Me and the Mac

Mobile Me (<http://www.apple.com/mobileme/>) is a new online feature from Apple. Free trial for 3 months then \$69 for the first year and \$99 per year renewal fee. Here's what you get in addition to 20 GB:

- Mail
- Calendar
- Address Book
- Photo Gallery - Demo
- iDisk - Demo

Tutorials available: <http://www.apple.com/mobileme/tutorials/>

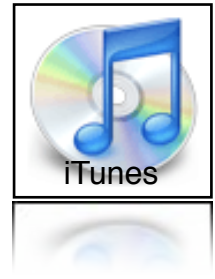

iWeb (demo) is a free web building software that come pre-installed on every new Macintosh computer. Some features include:

- Template driven
- Customizable
- One click publishing
- Google maps and ad sense
- Completely integrated with other Apple software

Tutorials available: <http://www.apple.com/findouthow/web/>

Notice how easy it is to work from iWeb and connect directly to iPhoto, iMovie, GarageBand, and iTunes.
